

The District of Thunder Bay Social Services Administration Board (TBDSSAB) supports people to improve their lives and become self-sufficient. We do this as the service system manager for vital, quality social services needed by individuals and families living in the District of Thunder Bay—including childcare and early years, community housing, homelessness prevention programs—and through the delivery of Ontario Works.

TBDSSAB was established by the Province of Ontario on April 1, 1999, through the enactment of the District Social Services Administration Board (DSSAB) Act. It is one of 47 service managers mandated by the Province to deliver social services.

Our service District includes 15 municipalities which appoint representatives to our Board of Directors through their municipal Councils. As well, the Board of Directors includes an elected representative from the Territories without Municipal Organization. There are eight TBDSSAB offices across the District.

Our combined operating and capital budget is over \$119M and we have over 175 full and part-time employees.

The TBDSSAB recently approved its 2024-2027 strategic plan, it is a roadmap for the future that lays out our mission, vision, values and three clear key priorities that we aspire to achieve including stabilized services and supports, the success of the people we serve including a people centred approach with an emphasis on reconciliation, inclusion and community centred partnerships and organizational excellence.

The tenacity, adaptability, and resilience of our team, positive relationships with service recipients, solid information technology infrastructure, and good partnerships with community agencies will contribute to the modernization of social assistance in the District, create more accessible child care, and expand the affordable housing system.
