Notes:

This profiles some major investments with details at a high-level – it is not exhaustive and greater details can be found online for each dedicate fund. Many details on newer announcements still require final details to be confirmed.

Not captured here are Broadband investments which are a varied mix of programs through Ontario Connects as well as Federal Investing in Canada Infrastructure Fund which has several streams that have been allocated for funding to 2027-28.

*OGTT funding varies year-to-year the number represents 2023; The CCBF funding also increases over time and the number represents the estimated 2024 allocation.
